Workshop Report

Objective-

The main objective of the Workshop was to develop the characteristics of a contributor in our students. It basically dealt with students interacting with the employees of our SRPEC family and then practically understanding the role of an employee in an organization.

Summary:

Initially, the students were given the brief overview of the “Role of an employee in an organization”. Then they were asked to think over the role as per them and also interact with at least 3-5 employees say Principal of the college, HODs of respective departments, any faculty, security guards or any employee of SRPEC family. Then they were asked to write down all the key points in the form of summary of whatever they have learnt in 100-200 words. At the end, each individual were asked to mention two important points in front of everyone and submit their respective summary.

Course Participant:

Workshop was organized for the students of 6th Semesters, Civil and Computer Engineering.

Total of 37 participants participated and each one was the opportunity to interact with the employees in an organization and understand the key characteristics required in an employee to be a contributor in an organization.
