

WORKSHOP ON “MIX DESIGN OF CONCRETE”

Date: 15/10/2022
Semester: 5th Civil

Civil Engineering Department

Workshop Report

OBJECTIVE-

- The main objective of the workshop is to get learn about mix design of concrete.
- To provide the knowledge of beyond the syllabus in the subject of concrete technology.

SUMMARY:

- The workshop has been conducted on the topic mix design of concrete which covered the theoretical session on the topic as well as the practical session in the campus.
- The whole topic was explained with the help of a practical problem which cleared all the doubts of the students.

OUTCOMES OF WORKSHOP-

- To get the knowledge about concrete mix design.
- To get the details about the steps involved in mix design.
- To explore the problem with a practical case study.
- To get the knowledge about the testing of concrete involved in mix design.

Feedback from Participants		Out of 10 (Average)
(a)	Knowledge	9.6
(b)	Practical Experience	9.7
(c)	Duration	9.7
(d)	Expert Knowledge and Experience	9.5

Course Participant:

Workshop was organized for the students of 5th Semesters, Civil Engineering.
Total of 28 participants participated.

Workshop In charge:

Mr. Vikram Gupta
Assistant Professor
Civil Engineering Department
Smt. S. R. Patel Engineering College Unjha
