PATEL**

SMT. S. R. PATEL ENG INEERING COLLEGE, UN JHA

Project Title

**EFFECT OF ROADSIDE ENCROACHMENT ON TRAFFIC
STREAM BETWEEN S. K. TOWER TO TRAN DARWAJA AT
PATAN**

Abstract:

Encroachment is a term which implies "advance beyond proper limits," and may have different interpretations depending on the context. Encroachment may refer to one of the following:

- Temporal encroachment & Structural encroachment

The ways through which the problem of encroachments on the roads can be reduced. It analyses the problems behind the encroachments and also provides the solution through which the problem of encroachment can be reduced.
